CAREER OBJECTIVE

Results-driven Web Developer experienced in developing responsive and performance-optimized web applications using React and Next.js. Seeking a front-end or full-stack position where I can contribute clean, maintainable code and support the delivery of reliable, user-friendly web solutions.

WORK EXPERIENCE

Web Developer & System Administrator
NAC – Nasipit, Agusan del Norte | **2022 – 2023**

- Designed, developed, and maintained responsive web applications using modern web technologies
- Implemented front-end features focused on usability, performance, and cross-browser compatibility
- Managed server setup, configuration, and ongoing system maintenance
- Diagnosed and resolved software, hardware, and network issues to ensure system reliability
- Implemented data security measures, backups, and system performance optimizations

IT Support
Gaisano City – Cagayan de Oro | **2023 – 2024**

- Provided technical support for desktops, laptops, printers, and network devices
- Installed, configured, and maintained operating systems and business applications
- Assisted users with troubleshooting and system usage best practices

Data Analyst
SixEleven BPO – Davao City | **Current**

- Collected, analyzed, and interpreted data to support business operations
- Created reports and dashboards to support management decision-making
- Maintained data accuracy and ensured compliance with data standards

EDUCATION

Bachelor of Science in Information Technology
Saint Michael College of Caraga
Nasipit, Agusan del Norte
2018 – 2022
